

Pre-assembly of loose-tube cable

Singlemode, all current connector types

Description

The pre-assembly of loose-tube FO cable from Datwyler enables customers to work with ready-to-install fibre optic multiple cables (trunks) in the requested lengths and types.

The trunks are made to customer specifications under laboratory conditions.

They allow for cost saving and simple installations without expensive fibre optic equipment.

Note

Attention: Please order the loose tube cable separately - according to your individual needs!
