

REG adapter SPE IP30

IEC 63171-2

Description

Rail-mounted device (REG) adapter for Single Pair Ethernet in accordance with IEC 63171-2 for mounting on a 35 mm top-hat rail
 Suitable for PoDL applications in accordance with IEEE 802.3bu / cg.
 The housing is made of plastic.
 Gold-plated contact surface

General properties

Operating temperature	-40 °C - +70 °C
-----------------------	-----------------

Mechanical properties

Connection type	SPE IEC 63171-2
Protection class	IP30, in closed state
Contact surface	Gold over nickel
Plugging cycles	750
Type of connector	SPE socket acc. to IEC 63171-2

Standards

Cat./Class	T1-B
Connector standards	IEC 63171-2
PoDL (PoE)	IEEE 802.3bu / cg
