

# FTTH inhouse cable solution

Pre-assembled

Pre-assembled FTTH inhouse cable solution

## Description

Pre-assembled FTTH cable, wound up in a recyclable blister box.  
Available with or without FTTH data outlet, 88 x 88 mm.  
Very easy feeding in pipe systems due to small pull-in hook.

## Application

FTTH in-house cabling, used typically to connect the building entry point (BEP) with the optical telecommunication (or termination) outlet (OTO).

## Versions

Material number	Product	Weight [kg]
309615	FO Indoor FTTH 2.8 mm, tight buffer tube design	1 kg
309616	FO Indoor FTTH 2.2 mm, coating buffer design	1 kg
