

## Intelligent 10-pin Keystone patch cords

250 MHz, unshielded

E-cabling Solution

### Description

Jumper connection to electronic patch panels / Intelligent Patch Panel.

Complies to standard ANSI/EIA/TIA 568-C.2, ISO/IEC 11801:2002 / Amd 2:2010 and EN50173 (2011).

50 micro-inch gold plating nickel phosphor bronze.

With LED to assist the identification of a patch cord connection and

to locate the other end of the patch cord when one end is connected to the patch panel.

Quick identification of patch cords when connected to Intelligent Management Unit (IMU).

### Electrical properties

EMC	unshielded
GBit/s	Up to 1 Gbit/s

### Versions

Material number	Product	Weight [kg]	Packing unit
4110517	Intelligent Patch Cord, Cat.6 UTP, 2 m, Keystone	0 kg	1 pc.
4110518	Intelligent Patch Cord, Cat.6 UTP, 3 m, Keystone	0 kg	1 pc.
4110519	Intelligent Patch Cord, Cat.6 UTP, 5 m, Keystone	0 kg	1 pc.
4110520	Intelligent Patch Cord, Cat.6 FTP, 2 m, Keystone	0.01 kg	1 pc.
4110521	Intelligent Patch Cord, Cat.6 FTP, 3 m, Keystone	0 kg	1 pc.
4110522	Intelligent Patch Cord, Cat.6 <sub>A</sub> FTP, 5 m, Keystone	0 kg	1 pc.

These patch cords are part of Datwyler's E-cabling Solution. They are also available as Cat.6A shielded versions.
