

HDPS modular panel, 19"/1U

to take 12 HDPS MTP cassettes

Modular HDPS 19"/1U panel

Description

Sturdy metal housing with base, upper cover and front 19"/1U mounting brackets. Pre-assembled with 6 sliding support frames - each of which can take 2 pre-terminated HDPS MTP cassettes. The hinged front plate can be dropped down. It allows for port labelling on the reverse.

Application

The 19"/1U HDPS modular panel can be used for a wide variety of applications. It can be used as a high-density solution for up to 72 duplex ports (144 fibres) in a single rack unit (1U) in the data centre environment. It will accept up to 12 pre-terminated HDPS MTP cassettes which are used to connect to pre-assembled LCD or MTP® trunk or breakout cables or fibre optic cables which are spliced in-situ.

General Properties

Acceptance capacity 12 HDPS MTP cassettes

Scope of delivery
