HD-DCS patch cable management set 0U
4 patch cable management elements, detachable label plate

HD-DCS patch cable management set 0U for HD-DCS modular panel

Description

The patch cable management 0U comes in a set of 4 pieces.
Patch cables can be routed easely within the same rack unit of the modular panal.
No additional rack unit needed for patch cable routing.
An appropriate label plate including label cover is part of the set.
The label plate can be fold down during the patching process for additional space.

Application

The management set is used for the proper routing of fibre optic patch cables in all 19" IT racks and cabinets.

Scope of delivery

HD-DCS patch cable management set 0U includes the following preassembled parts:
- 4 cable guides
- 4 label plates
- 4 label plate covers
- 4 paper labels (preprinted)
